# 2022 Summer Innovation Academic Course

## 25.7.2022 – 7.8.2022

We invite you to join us for an Innovation Academic Course at the University of Haifa. In this 14-day course, students will explore famous Israeli entrepreneurs' startup ideas, learn about Israeli innovative culture and spirit, hear lectures from the world's best professors of the Israeli innovation phenomenon, and study investments of Israeli bio-medical and cleantech industries. In addition, the students will have opportunities to give roadshow presentations, share their startup ideas, and receive worldwide successful entrepreneur Dr. Kobi Inbar's feedback and mentorship.

This course will connect you to business executives, professionals and the leading experts in your field of interest, taking you to the greentech and technology companies, provide you with a platform for understanding Israeli creativity, and help you to discover the entrepreneurial spirit that has built Israel's worldwide reputation as the "Startup Nation".
